EXPERIENCE

2018

SENIORS TECHNOLOGY COURSE ASSISTANT

I volunteered at the Whitchurch-Stouffville Public Library to help seniors learn technology (teaching seniors how to write emails, log into wifi networks with in-browser login pages, etc.).

2021 - 2023

LONGO'S PRODUCE CLERK

I was able to deal with tightly timed quotas and mass amounts of customers. This enabled me to enhance my abilities as a team member and problem solver.

STUDYING AT ONTARIO TECH UNIVERSITY

COMPUTER SCIENCE BACHELOR'S - 2ND YEAR (3.7 GPA)

C++

I achieved a level A+ in my only two C++ oriented programming courses during my first year (Programming Workshops I in the fall of 2022, and Programming Workshops II in the winter of 2023).

Python

I achieved a level A+ in my only Python oriented programming courses during fall 2022 of my first year (Introduction to Computer Science).

Java

I know Java and I am currently partaking in a course to further learn object design and algorithms (Data Structures).

HTML / CSS / JavaScript

I have used lots of HTML, CSS, and JavaScript. I have created personal projects using libraries such as **jQuery**, I have also used **Phaser** to create projects that I have run off of a **USB Webserver.**
