

June 24, 2026

Jeremy Thummel

Dear Jeremy,

It is my pleasure to recognize and congratulate you on your exceptional academic achievements in the Winter 2026 semester. As you achieved a semester GPA of 4.06 with at least 80 percent of a full course load, you will receive the President's Honours List designation on your transcript, which is a permanent record of your achievement, for the applicable semester. Congratulations!

Your dedication, commitment, and hard work are evident and inspirational to your peers, the greater university community, and myself. You should be very proud of meeting this high standard of academic performance.

Although this prestigious designation holds no monetary value, you may still be eligible as a current student for an award, bursary and/or scholarship. Learn more at ontariotechu.ca/safa.

On behalf of myself and the university, congratulations on your accomplishments thus far and we wish you all the best!

Sincerely,

Dr. Steven Murphy
President and Vice-Chancellor
Ontario Tech University
